Dear Friends and Partners in Life,

Every day, we are reminded that one act of generosity can become part of a much bigger story. Because of you, women and families walking through unexpected pregnancies do not have to face those moments alone. Thank you for choosing to stand beside them – by standing beside the Community Pregnancy Center.

As we enter this new season, we are especially grateful for the faithful community of supporters who make this work possible. Your gifts provide the resources needed to keep our doors open and continue serving the community with excellence and compassion.

We are reminded of the words of Psalm 90:17: *“Let the favor of the Lord our God rest on us; establish the work of our hands for us - yes, establish the work of our hands.”*

Do you know how deeply your partnership is appreciated? Each pregnancy test, ultrasound, or parenting class offered - is because of your support and encouragement. Each time we help a mom by providing diapers, wipes, formula or other baby items - is because people just like you step up and help us meeting needs. And most importantly, each time we have shared Jesus with those we serve it is because you are standing beside us through the prayers you pour into our **life-affirming** ministry.

We hope to see many of you at ***Laugh Out Loud for Life 6 on October 2nd***. It will look a bit different this year as we move to Mountain City Church. We are excited to welcome comedian Kerri Pomarolli - and look forward to celebrating the amazing gift of life given by God.

Thank you for investing in this mission and for believing that every life is worth protecting and every family is worth serving. We are grateful for the role you play in this ministry, and we pray that God will bless you abundantly for the difference you are making.

With gratitude,

A place to find HOPE!

Where she didn't have to walk alone.

"Maya" came to Alaska expecting to stay only about a year. While here, she began a relationship with a man she met at work. Things moved quickly, and after conversations about faith, marriage, and a future together, Maya believed the relationship was serious.

Then she thought she might be pregnant. Everything changed.

Her partner told her he did not want to be a father and demanded she have an abortion. He told her that he lied, he just said he was a Christian to persuade her. He rejected adoption and even threatened that, if she continued the pregnancy, he would fight for custody and make sure she never saw her child. Scared, embarrassed, confused, and far from home, Maya felt abortion was her only option.

A CPC supporter who knew Maya brought her the Center. After confirming her pregnancy, Maya received an ultrasound and saw her eight-week-old baby. She left in tears, still uncertain about what she would do.

Two weeks later, she returned for a follow-up appointment with the baby's father. His position had not changed. He even offered her money to have an abortion.

But Maya's decision had changed. She declined his offer and chose life for her baby.

Today, Maya has ended the relationship and is preparing to return home before her baby is born. Through our Momhood Program, our team continues walking alongside her, providing encouragement, practical support, and connections to community resources.

Your support helps make this kind of care possible—a safe place where women like Maya can find time, truth, support, and hope when they need it most.

*** Name changed to protect privacy.

We are hiring for two essential positions.

Patient Engagement Specialist
Staff Nurse

Are you or someone you know the right fit?

The ability to serve women well begins with having the right people in place when they reach out to us. Right now, we have two important openings on our Patient Services team, and we are asking for your help in finding the right people to fill them.

Patient Engagement Specialist – Full-Time Monday through Friday, 8:30 a.m. to 4:30 p.m.

The Patient Engagement Specialist helps ensure that women who contact the Center receive a timely, compassionate response. This person answers inquiries, schedules appointments, coordinates follow-up calls and referrals, and helps maintain accurate patient records and information. It is an important role in creating a caring and well-coordinated experience for every woman we serve.

Staff Nurse – Part-Time Priority need is Friday from 9 a.m. to 4 p.m. Opportunity for additional shifts exists.

The Staff Nurse provides compassionate, professional care directly to our patients. Responsibilities include pregnancy consultations, limited obstetrical ultrasounds, STI/STD education, Abortion Pill Reversal protocols and referrals, and patient follow-up. May also assist with connections with school nurses and providers in the Anchorage community. This position combines excellent clinical care with the compassion and respect that are central to how we serve each woman who comes through our doors.

Both positions are more than simply vacancies we need to fill. **They are essential to our ability to be available and ready when a woman in our community needs us.**

For more information on these and other employment opportunities visit www.supportcpc.life/careers. To apply please email the following to info@cpcanchorage.com:

1. * a cover letter addressing why you are interested in joining the team at CPC and in this role.
2. * a current resume or CV
3. * the names and contact information for three references (two professional and a third that is a pastor Or ministry leader)
